Arabic — Native

English — Proficient

EDUCATION

BA in IT Engineering — **Syrian Virtual University (SVU)**, Excellent Standing | Apr 2022 – Present

PROFESSIONAL EXPERIENCE

Full Stack Developer, Freelance | Sep 2025 - Present

- Developed full-stack applications using React.js with Nest.js/Express.js backends
- Designed and implemented RESTful APIs with PostgreSQL/MongoDB databases using Prisma ORM
- **Projects Delivered:**
- Aura Plan Project Management — Full-stack application with user roles, task assignment, and team collaboration features.

Front-end Web Developer — Uranus Link | Sep 2024 - Present

- Built and maintained responsive, user-friendly applications with React TypeScript.
- Ensured cross-browser/device compatibility and optimized performance.
- **Projects Delivered:**
- Glowy Salon ERP — Enhanced invoicing, scheduling, inventory, and automated notifications, improving operational efficiency.
- Luna Store SaaS E-commerce Dashboard — Developed scalable dashboard with dynamic product attributes, role-based control, and customization features.
- Balsam Tech SaaS Deployment — Adapted Luna Store for medical inventory and e-commerce workflows with custom warehouse management.

Front-end Web Developer — Idea Code Reality (ICR) | Apr 2024 – Sep 2024

- Enhanced usability and responsiveness for matchmaking platforms.
- **Projects Delivered:**
- QiranBook Website — Added secure communication, real-time notifications, and advanced search filters.
- QiranBook Dashboard — Improved interface for cross-device interaction and streamlined workflows.

Freelance Projects | 2023 – 2024

- Car Showcase — Optimized design, search/filter functionality, and detail presentation for seamless browsing.
- Game Hub — Improved search, filtering, and mobile responsiveness for game discovery.
